Math Market and Probability Fair

The fifth graders have been working hard on the Math Market and Probability Math Projects this year, and they are excited to show Legacy what they have created. Fifth grade will be hosting a Math Market and Probability Fair the week of April 30, Monday through Thursday, in the MPR. The Math Market and Probability Fair will be open before school from 7:45 am to 8:30 am, during recess from 10:00 am to 10:40 am, and at lunch recess from 12:10 pm to 12:45 pm.

Math Market: On Monday, April 30 and Tuesday, May 1, fifth grade students will host a "Math Market". The fifth graders have spent time researching cost, planning, marketing, and finally creating a product that they will be selling to Legacy Students. Students can come to the MPR these days and purchase the products that the fifth graders have made. Parents are welcome to come as well! A portion of each groups' profit will be donated to help support Legacy Uganda.

Probability Fair: On Wednesday, May 3 and Thursday, May 4, fifth grade will also be hosting a Probability Fair. The fifth graders have created a game of chance using their knowledge of probability. They have planned out their games and estimated the probability of winning and losing when the games are played. Students at Legacy can come to the MPR and get 20 free tickets to play the games. Additional tickets are 10 for \$1.00. Parents are invited to come play the games as well. We hope to see you there!
